Guidance for Children and Youth Activities

- Where all children are under 5, the maximum group size is determined by the number of adults present
- Where any children are aged over 5, should keep in small consistent groups of no more than 15
- Multiple groups of 15 children plus staff can use the same shared space with distancing between groups
- Secondary school age children should wear face coverings indoors including in classrooms/during activities unless 2m social distancing can be maintained

Guidance for Children and Youth Activities (continued)

- Where children are primary school age or below, staff and adult visitors should wear face coverings where social distancing between adults is not possible
- These measures will be in place until Easter and then reviewed
- Ideally children should attend only one out-of-school setting in addition to school which is local to their home or school (within walking or cycling distance)
- Parents and carers should not be allowed into the setting unless it is essential
