

Lansdowne Church *Bournemouth*

1. Please pray for our Regeneration Project. We have a gift day in May 2019 and need to raise a further £1.8m at least to continue the work on our new building. This would enable us to re-commence the project on site from the Autumn and then complete it twelve months later.
2. Please pray for an upcoming staff appointment. We are keen to recruit a Student and International Worker during summer 2019.
3. Please pray for a renewal of the spiritual life of the church as we wait on God in a season of extended prayer.

Trinity Community Church *Hinckley*

1. Please pray that we don't become comfortable now we have a building, but our focus remains on knowing and loving Christ and helping others in our town turn to Him also.
2. Praise God that we moved into our new building just before Easter.
3. Please pray for the further funding (£110,000) needed to complete the building project. Though the building is good enough to move into, there is more work to do.
