

Oldham Bethel Church Oldham

1. Give thanks for ongoing good relations with local Pakistani/Bangladeshi Muslim people such that our regular cultural evenings are still seeing.
2. Please pray for wisdom among the eldership as to how best to support and disciple the people we are reaching.
3. Last quarter we functioned with a £5000 deficit. Please pray for workers and givers to commit to the work.
4. The borough of Oldham has 220,000 people but we are one of only two gospel-partnership churches in the area. Please pray that gospel-hearted churches would send workers to enable us to reach the unreached.
5. Thank God for the great evangelistic opportunities we have to reach Muslim people. Now – with the help of an evangelist from nearby Rochdale – we've begun a book table which has had some positive impact locally.

Christ Church Liverpool Liverpool

1. We are involved in a long search to find somewhere permanent to meet, after the school we used to meet in was closed down. This search has now been going on for three years, and we would love a base that would help us effectively reach out to Liverpool City Centre.
2. We have been involved in several church plants and revitalisations over the years of our existence, and are considering that again - pray for the Lord's leading to the right area and partners.
3. We are blessed with many in our congregation who are millennials. Please pray for the right wisdom and the right team to raise up a new generation of godly Christians from that age group under the Spirit's guidance.
